

# Autumn/Winter Foursomes 4-4-4 + 4 Fe

Equally balanced fertiliser containing sufficient nitrogen for end of season growth: phosphate, potash and seaweed extract for winter hardiness and strong root growth plus iron to give colour. Autumn/Winter Foursomes is ideally suited for all intensively managed fine turf but can equally provide a tonic for fairways, sportsfields, parks and other amenity and landscaped areas. Autumn-Foursomes can also be used as a pre-seeding fertiliser.

## Rates Of Use:

Fine Turf: Golf Greens, Bowls Greens, Tennis Courts etc: Apply 2 litres per 500 sq. meters in a minimum of 20 litres of water.  
For Larger Areas: Sportsfields, Race Courses, Golf Fairways, Amenity Areas: Apply 40 litres per ha in a minimum of 350 litres of water.  
Application rates may be varied to suit individual circumstances.  
To be used only where there is a recognised need.  
Do not exceed recommended application rate.

## Timing:

For best results; apply while the turf is still actively growing. Repeat applications every 3/4 weeks as required.

CONDITIONS OF SUPPLY: All goods we supply are of a high quality. We believe them to be suitable, but as we have no control over storage, handling, mixing or use, or of the state of weather before, during or after application, this may affect the product's performance and all conditions / warranties, statutory or otherwise. No responsibility can be accepted by us, regarding quality or fitness of product, for any failure or damage / injury / performance arising from storage, handling application or use. These conditions cannot be varied by out staff or agents whether or not they supervise or assist in its use in any way.

## Analysis (w/v):

4% N : 4% P : 4% K : 4% Fe (Chelated Iron) : 1% Seaweed Extract

## Application:

Apply with conventional handheld, pedestrian controlled, or tractor-mounted sprayers, using fan jets filled with 30-mesh nozzles. Apply as a medium or coarse spray.

## Mixing Instructions:

Half-fill spray tank with water. Add in the liquid fertiliser and make up to the required volume with water. Secure lid and agitate thoroughly. It is possible to include selective weedkillers; for more information on compatibility, consult manufacturer.
