

fielder

Assistor

This water conditioner combines the use of Ammonium Sulphate to condition water and prevent glyphosate degradation. With powerful water-softeners and organic acid buffers to create a product that can be safely and effectively used with all foliar sprays. Assistor will prevent water alkalinity and hardness reducing the effectiveness of:

- Glyphosate.
- Phenoxy herbicides and mixtures.
- Pyrethroid and OP Insecticides.
- Dicarboximide based on 'Fops' and 'Dims'.
- PGR's like Trinexapac.

Recommendations For Use:

Add 1 litre of Assistor to every 200 litres water in the spray tank to give a 0.5% spray solution.

Half fill the spray tank and add the required total amount of Assistor and commence agitation.

Continue agitation while adding pesticide. Fill the remaining half of the sprayer with water.

Assistor contains a highly concentrated combination of liquid Ammonium Sulphate-based water and plant conditioner with organic acid buffers, water softening agents, safeners and surfactants. It is designed specifically to reduce the impact of hard water and aid in the uptake of agrochemicals and to prevent the adverse effects of free metallic cations and bicarbonate ions or alkaline degradation of all foliar applications and nutrients.

Assistor can be safely used in all situations where foliar spraying is undertaken but contains a surfactant system to aid the dispersion of the actives throughout the volume of water in the sprayer tank.

Assistor Contains:

- 240g/l Ammonium Sulphate
 - Organic Acids
 - pH Buffers
- Surfactant/Dispersant
- Water Softening Agent

Contains 10 Litres e

RL499A

CONDITIONS OF SUPPLY:

We believe that all goods supplied by us are suitable for the purposes stated on the packaging. Because we cannot exercise control following the supply of product including (solely by way of example), their storage, handling, mixing or use, (or the weather conditions before/during/after application), all conditions and warranties - statutory or otherwise - as to the quality (or fitness for any purpose) of our goods are excluded. No responsibility will be accepted by us or our authorised re-sellers for any failure in performance, damage or otherwise (excluding personal injury). These conditions cannot be varied otherwise than in writing, signed by an authorised director.

Safety Precautions:

IRRITANT

- Irritating to eyes and skin.
- In case of contact with eyes, rinse immediately with plenty of water (for at least 10 minutes) and seek medical advice.
- Wear suitable protective clothing, gloves & eye/face protection
- In case of accident or if you feel unwell seek medical advice immediately (show the label where possible)
- KEEP IN ORIGINAL CONTAINER, tightly closed, in a safe place.
- PROTECT FROM FROST.
- WASH OUT CONTAINER THOROUGHLY and dispose of safely.
- DO NOT CONTAMINATE SURFACE WATERS OR DITCHES with chemical or used container
- DO NOT RE-USE CONTAINER for any purpose.
