

fielder Feeder High K

0-0-15

ANALYSIS: 0% Nitrogen (N) - 0% Phosphorus (P) - 15% Potassium (K)

A foliar fertiliser purposely formulated for a quick and efficient uptake of nutrients directly through the leaf. Fielder feeder provides a nutrient supply in adequate quantities to maintain healthy vigorous plant growth. Fielder feeder may also be used to encourage plants to recover from stress.

RATES OF USE:

Apply 2.5 to 5.0 litres per hectare every 10 - 14 days once there is sufficient leaf area for foliar uptake. The higher rate should be used during periods of vigorous growth or severe stress.

TIMING:

For best results apply when plants are actively growing. Repeat applications every four to six weeks as required.

APPLICATION:

Apply with conventional handheld, pedestrian controlled, or tractor mounted sprayers, using fan jets fitted with 30 mesh nozzles. Apply as a medium or coarse spray.

MIXING INSTRUCTIONS:

Half-fill spray tank with water. Add in the liquid fertiliser and make up to the required volume with water. Secure lid and agitate thoroughly. It is possible to include selective weedkillers; for more information on compatibility, consult manufacturer.

PRECAUTIONS:

Avoid spraying during high temperatures or when plants are under stress. Keep out of reach of children. Avoid contact with skin or eyes, wash exposed area of skin with water. Avoid spillage onto clothing, paths or hard surfaces as staining may occur. Protect from frost.

Contents: 10 Litres e

CONDITIONS OF SUPPLY:

All goods supplied by us are of a high quality and we believe them to be suitable, but as we cannot exercise control over their storage, handling, mixing or use or of the weather conditions before, during or after application which may affect the performance of the goods, all conditions and warranties, statutory or otherwise, as to the quality or fitness for any purpose of our goods are excluded and no responsibility will be accepted by us or re-sellers for any failure in performance, damage or injury whatsoever arising from their storage, handling, application or use. These conditions cannot be varied by our staff or agents whether or not they supervise or assist in the use of such goods.
