

Matchplay

A balanced formulation of organic growth stimulants
N.P.K. liquid feed & trace elements

Matchplay works quickly to promote healthy grass with good colour without excessive growth, ideal for pre-tournament use to enhance green appearance & revive stressed and worn areas.

Matchplay will encourage a quick & lasting greenup of golf greens & fairways, bowling greens, tennis courts, sportsfields, parks and other amenity and landscaped areas.

Analysis (w/w)

Nitrogen (N)	15%
Phosphorous (P2O5)	2%
Potassium (K)	4%
Seaweed Extract	2%
Iron (Fe)	1%
Magnesium (Mg)	1.0%
Manganese (Mn)	0.5%
Boron (B)	0.5%
Copper (Cu)	0.5%
Zinc (Zn)	0.5%
Molybdenum (Mo)	0.005%
Cobalt (Co)	0.005%

Rates of Use:

Fine Turf: Apply 6 litres per 500 sq. metres in a minimum of 20 litres water.

For Larger Areas: Apply 100 litres per ha. in a minimum of 350 litres water.

Application rates may be varied to suit individual circumstances.

Application & Timing

Apply with conventional handheld, pedestrian controlled, or tractor mounted sprayers, using fan jets fitted with 30 mesh nozzles. Apply as a medium or coarse spray.

Apply to actively growing grass 3-5 days before full effect required. For stressed & worn areas, apply repeatedly every 4-6 weeks through the season as required.

Conditions of Supply:

All goods supplied by us are of a high quality and we believe them to be suitable, but as we cannot exercise control over their storage, handling, mixing or use or of the weather conditions before, during or after application which may affect the performance of the goods, all conditions and warranties, statutory or otherwise, as to the quality or fitness for any purpose of our goods are excluded and no responsibility will be accepted by us or re-sellers for any failure in performance, damage or injury whatsoever arising from their storage, handling, application or use. These conditions cannot be varied by our staff or agents whether or not they supervise or assist in the use of such goods.

Mixing Instructions:

Half fill spray tank with water. Add in the liquid fertiliser and make up the required volume with water. Secure lid and agitate thoroughly. It is possible to include selective weedkillers, for more information on compatibility, consult Manufacturer.

Precautions:

Avoid spraying during high temperatures or when grass under stress. Keep out of reach of children. Avoid contact with skin or eyes, wash exposed areas of skin with water. Avoid spillage on clothes, paths or hard surfaces - staining may occur. Protect from frost.
