# S-T-R-E-T-C-H-U-R...N

Stretchur N is a slow release foliar nitrogen for late season applications. It is a mix of urea polymers of varying chain lengths which, once in the plant, break down at varying speeds according to chain length to release amide nitrogen in a phased way

## Analysis (w/v):

Total Nitrogen (N) -	28.0%
Polymethylene Urea Nitrogen -	11.2%
Nitrate Nitrogen -	0.0%
Ammoniacal Nitrogen -	0.0%
Ureic Nitrogen -	16.8%

## Application Rates:

20L in 100-300 lts / ha water

## Conditions of Supply:

All goods supplied by us are of a high quality and we believe them to be suitable, but as we cannot exercise control over their storage, handling, mixing or use or of the weather conditions before, during or after application which may affect the performance of the goods, all conditions and warranties, statutory or otherwise, as to the quality or fitness for any purpose of our goods are excluded and no responsibility will be accepted by us or re-sellers for any failure in performance, damage or injury whatsoever arising from their storage, handling, application or use. These conditions cannot be varied by our staff or agents whether or not they supervise or assist in the use of such goods.
